FACIAL TREATMENTS

1/2 HR 1 HR

Hydra Facial \$195

Hydrafacial® is a non-surgical and non-invasive microdermabrasion face treatment that uses an instrument with a minimally abrasive tip to gently exfoliate the skin and remove the thicker outer layer.

Age defense facial.....\$74 \$115

Stimulate collagen and elastin production to instantly firm and tighten skin.

Men's facial.....\$74 \$115

Minimize ingrown hairs and fine lines while returning moisture to the skin.

Probiotics acneic facial.....\$74 \$115

A unique combination of enzymes, sulfur, probiotics and high frequency treatment cleanses skin and kills acne-causing bacteria.

Next generation microdermabrasion \$145

Our medical microdermabrasion is more effective than traditional microdermabrasion treatments because it utilizes surgical brush tip technology instead of traditional crystal or diamond tip microdermabrasion. The treatments are safer and more effective. Next generation microdermabrasion safely and effectively treats the following: acne, anti-aging (treats fine lines and wrinkles), sun damage and melasma, anti-oxidant delivery. Our medical microdermabrasion goes beyond normal microdermabrasion and both exfoliates the skin and delivers vital nutrients.

Dermaplaning \$170

Dermaplaning removes the outer most layers of dead skin cells leaving the skin immediately smooth, supple and vibrant. Dermaplaning (blading) is another non-traumatic method of skin rejuvenation as well as facial hair removal.

Oxygen facial \$170

This unique facial which features "osmotic hydration" and uses 87 different combinations of vitamins, minerals, enzymes, amino acids and oxygen to give you brighter, healthier skin.

LASER SKIN TREATMENTS

MORPHEUS

The InMode system is a pain free procedure used for tightening loose skin, reducing cellulite and non-surgical face lifts. Minimal downtime.

FORMA

The Forma facelift procedure is a safe, non-surgical process which utilizes RF technology to tighten skin and reverse signs of aging without downtime.

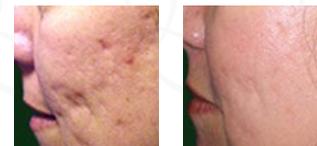

VAGINAL REJUVENATION

Reclaim what childbirth and the natural aging process may have taken from your feminine wellness with FemTouch™, an innovative CO2 laser treatment for vaginal rejuvenation.

PIXEL LASER RESURFACING

Improve skin texture, reduce pore size and restore youthful appearance to wrinkled and prematurely aged skin with this revolutionary laser peel. The process grows new skin to reduce acne scarring, fine lines, wrinkles and stretch marks.

COOLSCULPTING

CoolSculpting treatments target fat cells and permanently eliminate them non-invasively. It is a state of the art treatment that has received worldwide recognition and praise. It is the fastest, easiest and least invasive option available today.

ACNE

NeoClear for Acne is the new gold standard laser treatment that reduces acne and prevents it from coming back. NeoClear works by targeting the causes of acne: oil overproduction, inflammation, and bacteria.

INJECTABLES & FILLERS

BOTOX® / DYSPORT®

Reduce and soften wrinkles with Botox® and Dysport® injections. Most frequently used to treat frown lines, forehead wrinkles and crow's feet, injectables are also effective for treatment of lines around the mouth and neck. A smoother, more relaxed appearance can take off five years in minutes!

JUVEDERM® / RESTYLANE® / VOLUMA® / KYSSÉ®

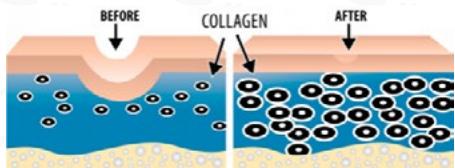

Smooth away wrinkles and folds, and say goodbye to smile and marionette lines! Dermal fillers provide instant and long lasting wrinkle correction and can increase fullness and definition of the lips as well as fill scars.

LASER BODY TREATMENTS

MICRONEEDLING

Micro-needling treatments can reduce the appearance of fine lines & wrinkles, acne scars, stretch marks. Micro-needling gently ablates the skin and promote new skin to form and improves collagen production.

LASER TATTOO REMOVAL

We proudly use two different lasers to make sure that we always use the optimal settings and technology to safely and quickly remove your tattoo, regardless of the color. Tattoos may be removed in as little as three visits, leaving you looking and feeling your best in no time at all.

SPIDER VEINS

Spider veins are tiny blood vessels underneath the skin's surface. They tend to be purple-red in color and most commonly develop on the face and legs. Laser technology is the most effective method available to eliminate spider veins permanently.

PAINLESS LASER HAIR REMOVAL

All skin types can be safely treated here at Infinity Medspa. As the only spa in the area with this capability, we have the most advanced equipment in the area. Controlled flashes of light are used to permanently remove unwanted hair painlessly.
